

# Coaches' GAME PLAN

## Skills

### Pick and Roll

# 01

Set screen for teammate to dribble by pick for outside shot or drive.

# 02

Dribbler must wait for screen to be set before driving around it.

# 03

Take 2+ dribbles after screen to create space for pass to screener.

# 04

Keep dribble alive.

# 05

Screener rolls to basket, opening up to ball and looking for pass.

# 06

Player rolling to basket is oftentimes more open than dribbler.

# 07

Important aspect of Roll is to turn toward ball.
